

ENTERPRISE CLOUD SECURITY POLICY

Policy ID: POL-2026-SEC

1. ACCESS CONTROL STANDARDS

All cloud service deployments must enforce multi-factor authentication (MFA) and least-privilege role access.

2. DATA CLASSIFICATION MATRIX

Classification	Description	Encryption Required
Public	Marketing content	Optional
Internal	Employee guidelines	TLS in transit
Confidential	Financials & Contracts	AES-256 at rest

3. INCIDENT RESPONSE PLAN

Security incidents must be reported to security@enterprise.com within 2 hours of detection. For urgent escalation call +1-800-555-0199.
